Texas Gas Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

November 17, 1999.

Take notice that on November 12, 1999, Texas Gas Transmission Corporation (Texas Gas) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets to become effective November 1, 1999.

Substitute Third Revised Sheet No. 193
Substitute Original Sheet No. 193A

Texas Gas states that the tariff sheets are being filed in compliance with Commission Order dated October 27, 1999 (89 FERC ¶ 61,096) in the above referenced docket. The Order accepted previously filed tariff sheets which conformed with the policies of the Commission as stated in Tennessee Gas Pipeline Company, 86 FERC ¶ 61,290 (1999) by allowing both the releasing shipper who retains some capacity in a zone and the replacement shipper who acquires some capacity in a zone to have access to all secondary points in that zone and to eliminate abuses of Texas Gas' capacity release program that permit shippers to multiply their use of capacity in excess of their contract demand. The instant filing revises tariff language to more clearly state the intended nomination/renomination and confirmation procedures as directed by the Order.

Texas Gas states that copies of the revised tariff sheets are being mailed to Texas Gas's jurisdictional customers and interested state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission,
